PROFESSIONAL SUMMARY

Front-End Developer with 2+ years of experience building e-commerce and education applications with React.js, Next.js and Magento 2. Delivers Progressive Web Apps, server-side rendering and GraphQL/REST integrations with responsive, mobile-first design. Owns user-flow and UX design in the absence of a dedicated designer, and takes releases through to production deployment.

TECHNICAL SKILLS

Programming: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks and Libraries: React.js, Next.js, Redux, Tailwind CSS, jQuery, Bootstrap

E-Commerce: Magento 2, PWA Studio, Progressive Web Apps

APIs and Data: GraphQL, RESTful APIs, MySQL, SQL Server

Tools: Git, GitHub, npm, Figma, Production Deployment, Server Management

Practices: Server-Side Rendering, User Flow and UX Design, Responsive and Mobile-First Design, Cross-Browser Compatibility, Web Performance Optimization, Web Accessibility, SEO, Agile Collaboration

Spoken Languages: Arabic (Native), English (Conversational)

PROFESSIONAL EXPERIENCE

Front-End Developer — May 2024 – Present

CrocoIT | Cairo, Egypt

Built 5 front-end applications across e-commerce, education and corporate websites (all live in production) using React.js, Next.js and Magento 2, owning production deployment and front-end server management for all of them.

Owned UX across projects in the absence of a dedicated UI/UX designer, mapping user flows and turning them into responsive, production-ready interfaces.

SPC Online Academy | React.js, Next.js, REST APIs — online.spc-eg.com/en

- Launched a scalable medical-course platform by building its Next.js component library and page architecture from scratch.
- Achieved a 95/100 mobile Lighthouse performance score (1.1s LCP, 0 CLS) by implementing server-side rendering with Next.js, strengthening SEO.
- Integrated RESTful APIs with complete loading, empty and error-state handling across every data-driven screen.
- Shipped production-ready releases by working with backend developers across the full delivery cycle.

CrocoIT Company Website | Next.js 16, React, Tailwind CSS — crocoit.com

- Developed a bilingual (English/Arabic) corporate website with Next.js 16 and Tailwind CSS, covering services, case studies, products and blog pages.
- Achieved mobile Lighthouse scores of 98 Performance and 100 in Accessibility, SEO and Best Practices using static generation, Priority Hints and Open Graph metadata.

Almasry Pharmacy | Magento 2, React.js, PWA — almasrypharmacy.com

- Developed a Progressive Web App with offline support and push notifications to drive repeat customer engagement.
- Built responsive catalog, cart and checkout flows in React.js with centralized state management.
- Achieved a 98/100 mobile Lighthouse performance score by optimizing page-load performance with mobile-first design.

Alsannat for Luggage | Magento 2, React.js, GraphQL — alsannat.com

- Delivered a scalable Magento 2 storefront as a Progressive Web App with a 96/100 mobile Lighthouse performance score.
- Reduced redundant network requests by integrating GraphQL APIs and optimizing client-side state.
- Standardized UI across browsers and responsive breakpoints by fixing cross-browser and cross-device issues.

Etlala | Magento 2, GraphQL — etlala.sa

- Customized Magento 2 storefront themes to match brand identity and UX requirements.
- Integrated GraphQL data fetching in close collaboration with backend developers.
